Plan of EDINBURGH LEITH AND SUBURBS

ILLUSTRATIVE OF THE MAIN DRAINAGE SCHEME FOR THE PURIFICATION OF THE WATER OF LEITH.

The areas draining into the Water of Leith, are edged with Green.
The Main Sewer and its branches are shown by a Thick Red Line.
The Ordinary Street Drains, and Sewers to be intercepted, are shown by a Thin Red Line.
The Water of Leith, and the principal Lade, and the open Burns conveying Sewage, are coloured Blue.

N.B.— Between Coltbridge and St Marks Place the Main Drain lies in the Water of Leith, near the South East Bank.
